

Today's Report,

Name: Suhaas Krishna

Project: Zugi Electronics page and checkout page.

Date: 22-01-2024

Below images are Saturday's output of mine. In that I have created Return and refund page of zugicart and cancellation of orders page for zugi project.

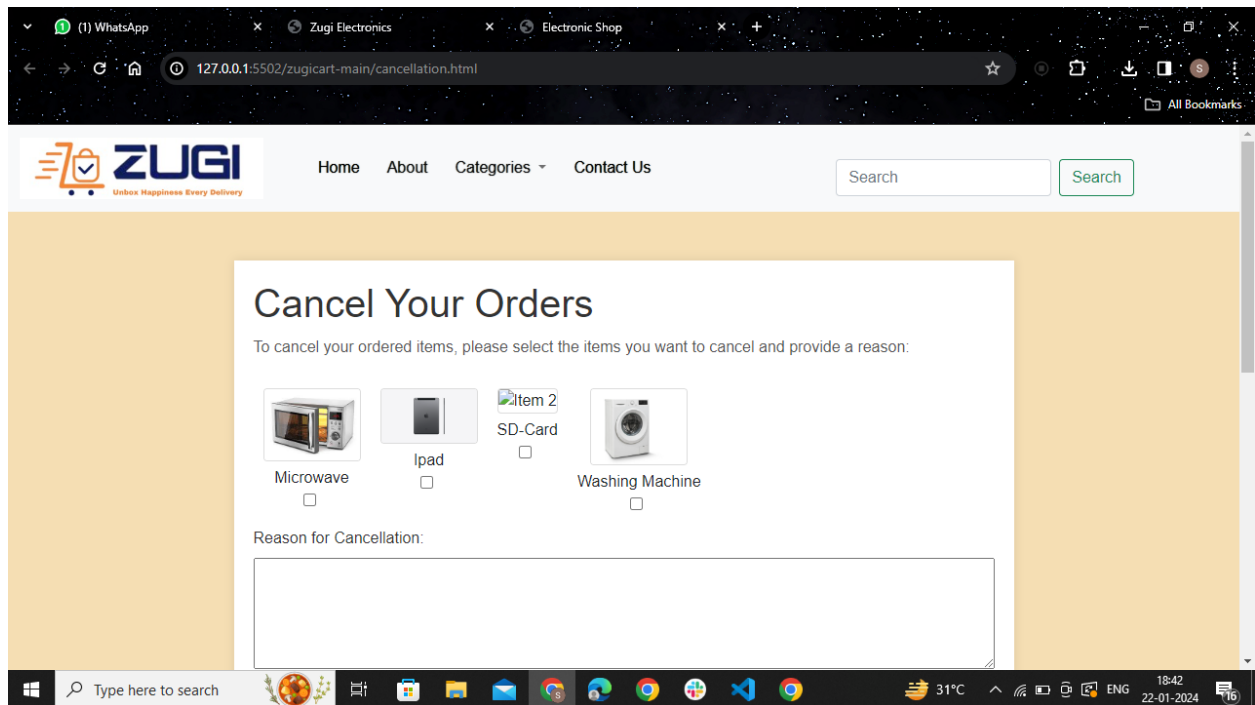

The screenshot displays a web browser window with multiple tabs open, including 'WhatsApp', 'Zugi Electronics', 'Electronic Shop', and 'Return and Replacement'. The active tab shows the URL '127.0.0.1:5502/zugicart-main/return.html'. The website header features the Zugi logo with the tagline 'Unbox Happiness Every Delivery', navigation links for 'Home', 'About', 'Categories', and 'Contact Us', and a search bar. The main content area has a blue background and is titled 'Return or Replacement of your order'. It contains two input fields: 'Order ID:' and 'Reason for Return/Replacement:'. A 'Submit Request' button is positioned at the bottom of the form. The Windows taskbar at the bottom shows the system clock as 18:42 on 22-01-2024, along with various system icons and open applications.

Return or Replacement of your order

Order ID:

Reason for Return/Replacement:

Submit Request

Today I have created the ZUGI Electronics page and cart for that page. We can add a product from main electronics page by clicking adding to cart button. After the product went to cart page, we can increase the product quantity. I also created the payment section for this electronics page.

Browser tabs: (1) WhatsApp, Zugi Electronics
